

Home Pet Euthanasia *of Southern California* *Aftercare Arrangements*

Name of Pet: _____

Please choose from the following options. See our website for full description of each option as well as for details on our cremation procedure (aquamation).

I wish to have my pet's body cared for in the following manner:

___ **Individual cremation.** Home Pet Euthanasia of Southern California will make the arrangements for your pet to be cremated **separately** (partitioned) and will return the ashes to you. (There are other pets in the cremation chamber, but they are in their own compartment and ashes do not get mixed. You receive **ONLY** your pet's ashes back.) Please note that ashes are usually returned in 10-14 days but it may take up to 3 weeks for ashes to be returned.

___ **Private cremation.** Same as Individual Cremation except your pet to be **alone in the cremation chamber.**

___ **Communal Cremation.** Home Pet Euthanasia of Southern California will transport the remains to cremation facility and ashes will not be returned to me. Ashes are respectfully scattered over the ocean.

___ I would like a hair clipping as a remembrance (no charge, of course).

___ I would like a clay paw print as a remembrance. See "Clay Paw Prints" webpage for examples, pictures, prices. Please fill out the Paw Print Order Form.

___ I will arrange for the aftercare myself and I wish Home Pet Euthanasia of Southern California to leave my pet's remains on my premises. I am aware of any applicable laws and regulation regarding the burial of a pet's body.
