

# *Home Pet Euthanasia*

## *of Southern California*

### *Aftercare Arrangements*

Name of Pet: \_\_\_\_\_  
(as you wish it displayed on documentation)

Please choose from the following options. See our website for full description of each option.

I wish to have my pet's body cared for in the following manner:

\_\_\_\_\_ **Individual cremation.** Home Pet Euthanasia of Southern California will make the arrangements for your pet to be cremated **separately** (partitioned) and will return the ashes to you. (There are other pets in the cremation chamber, but they are in their own compartment and ashes do not get mixed. You receive **ONLY** your pet's ashes back.) Please note that ashes are usually returned within 2-3 weeks. For Individual **Aquamation**, check here:  Additional fees applies. Please inquire with our office. For **Private cremation** (pet completely alone in chamber) please inquire with our office and we will send you the appropriate documents.

\_\_\_\_\_ **Communal Cremation.** Home Pet Euthanasia of Southern California will transport the remains to cremation facility and ashes will not be returned to me. Ashes are respectfully scattered over the ocean. Aquamation:  Additional fees applies.

\_\_\_\_\_ I will arrange for the aftercare myself and I wish Home Pet Euthanasia of Southern California to leave my pet's remains on my premises. I am aware of any applicable laws and regulation regarding the burial of a pet's body.

\_\_\_\_\_ I would like a hair clipping as a remembrance (no charge, of course).

\_\_\_\_\_ I would like a clay paw print as a remembrance. See "Clay Paw Prints" webpage for examples, pictures, prices. Please fill out the Paw Print Order Form.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_
